## Checklist of national/regional requirements and guidelines

To avoid being deemed ineligible by national/regional Funding Organisations, all Project Consortia are encouraged to check carefully all the relevant national/regional requirements and guidelines, with relevant contacts if necessary, before starting to develop their proposal.

Information about the national/regional requirements and guidelines is available on [Funding Organisations and Call Modules | CETPartnership](#) (per Funding Organisation) and [Joint Call 2025 Documents | CETPartnership](#) (composed/compiled).

The following is a list of common comments from national/regional Funding Organisations to Project Consortia about ineligibility and headlines with relevant information of national/regional requirements and guidelines.

| Comment   | Headline   |
|---|--|
| Topic not covered by/not relevant for the Funding Organisation  | <b>Call Modules and topics</b>   |
| National/regional application/declaration/documentation missing | <b>Proposal submission</b>   |
| Beneficiary Partner ineligible for funding                      | <b>Project Consortium Partners</b>   |
| Involvement of companies/industry insufficient/lacking          | <b>Project Consortium Partners</b>   |
| Budget issues   | <b>Project budget, including Funding request, Funding rates, Types of cost</b> |
| TRL too high/low/limited innovation                             | <b>RDI approaches and TRLs</b>   |

Please also consider:

- Funding Organisations may have choosed to describe their information under other headlines than mentioned in the table above.
- Additional information may be found on the website indicated under **Website** as well as under **Other requirements/guidelines**.
