Medium enterprises		Up to 70%	Up to 70%
Small enterprises		Up to 70%	Up to 70%
Universities, public re- search organisations			
Public authorities			

Associations without economic activities, NGOs			
Types of cost	<ol style="list-style-type: none"> <li>1. Personnel expenses in the project (direct and indirect).</li> <li>2. External advisory services and equivalent expenses.</li> <li>3. Outsourcing highly specialized parts of the project.</li> <li>4. Subcontracting expenses to Basque Science, Technology and Innovation Network agents.</li> <li>5. Operating expenses (such as materials costs, supplies...) incurred directly as a result of the research activity.</li> <li>6. Intellectual property rights expenses.</li> <li>7. Amortization expenses for infrastructure and equipment used in the project.</li> </ol>		
RDI approaches and TRLs	<p>The regional funding programme used to support CETP projects (HAZITEK) is a programme that supports activities related to industrial research and development. The programme supports companies in advancing their technological developments to demonstration in an operational environment, typically under industrial conditions and timescales. In other words, through the activities supported by the programme, companies are able to reach a technological maturity level of TRL 7, but in no case to start their developments close to this starting point.</p> <p>(TRL3–TRL7)</p>		
Other requirements/guidelines	<ul style="list-style-type: none"> <li>• Have a production facility in the Basque Country from where develop its economic activity and where it will have its own staff involved in the R&amp;D project.</li> <li>• Develop directly from its facilities in the Basque Country the eligible activities.</li> </ul>
